

Jozie Bullard

313-338-7316 | Joziebullard.com | Detroit MI

PROFESSIONAL PROFILE

My creative focus is to craft inspiring work that challenges oppressive systems by provoking viewers perspective and consciousness in the direction of self-transformation, collective change, and healing. My work is created to represent, uplift, and support marginalized communities through the process of visual storytelling. I continuously find inspiration and influence in music, diverse communities, social and environmental activism, culture, nature, fashion, and many other elements that help the development of a more equitable world for us all.
